Thread: [Take % From 15 OnlyFans Models with your Traffic with our great Infrastructure](#)

Munin - June 28, 2023, 3:38 am

Hello Everyone!

First of all I would like to introduce myself , we are an onlyfans agency We are almost 2 years on the market , at the moment the revenue has passed over 3 million \$ we are still in the beginning and we are learning to create new things and a new experience for our fans , our accounts already have a fan base of over 800k fans , we work 100% legal we pay our taxes , we are over 60 colleagues in this agency that handles all the girls management . Because of this I think it's time to expand and not just be in house system anymore because yes we are all in the same building , all 60 of us for better coordination and maximize all results . That's why we come to you with an offer.

We offer you 25% of the total revenue (attention not profit) of the total revenue brought by your traffic, for example if you bring 1000 fans and these 1000 fans spend on our model 10.000\$ you will receive 2500\$. And that's Lifetime! We all know that from onlyfans there are several sources of income (Sexting / Live Stream / PPV`s / Subscription) Each girl has 2 accounts , 1 FREE / 1 VIP and you can earn from both , or if you have a very good source of traffic you can promote all the girls , Through Fan Metrics we can see exactly how much money is spent . We are talking about passive income you can promote 2 months accounts and if the fans will continue to spend you will take the money every week or every 2 weeks and we will determine this together. Also you can choose which girls you want to promote and where, there are absolutely no rules, you will have 100% access to see your results at any time.

We will make sure that we squeeze every penny out of the fan account you bring us, we are looking for long term partnerships, we will also make a contract that we will sign.

Send a pm if you are interested and we speak all details .

SOME PROOFS ?

How are You doing...Wondering if Your offer is still valid. I would like to promote some models on Reddit and Your offer caught my attention. I don't mind starting an account from scratch and building up Reddit followers from 0. I don't buy upvotes, but I do use automation which allows me to post on subreddits in the best possible times. Also, this way I can schedule posts in advance.

if you see any possibility of cooperation, I will be happy if you contact me and we can agree on some form of cooperation.

Take care,
Zdenek
