ever tried amazon FBA?

You can setup a free amazon seller account, get a barcode scanner amazon FBA price comparison app, pay a small fee per listing and then its easy profit from there.. I know these two brothers who made 100k+ in the book reselling niche

thing about it is that you can't cross-niche sell though (for example, you cant sell mechanic tools and books on the same amazon store account)

No I don't resell on amazon, just fb and ebay atm.

Prettykitty - July 1, 2023, 11:36 pm

Start to clear out the clutter a little in the garage to make room for renovation.

Stanley - July 2, 2023, 10:21 pm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Same dude. Just sold out a bunch of old antiques I had from my parents. Giveaway ends 7/3/2023, doesnt look like much competition yet so you might get lucky!

I have a book I published the second edition of on Amazon KDP and in print in December 2020. It still sells some and I really want to write the third edition but I haven't been getting anything done on it for some reason. Done some research for updating it up to 2023 [I need to cover events of the last three years on the topic to update it and this time I'm actually going to spend more than \$70 on advertising it (lol) because it sells pretty decently for something I've done fuck all advertising on and I've been a cheap skate. But updating it is going to be a lot of work. I still have to do a lot more research before even starting to write.

Eran - July 3, 2023, 4:55 pm

Posting again to maybe be the second winner? :)

You're publishing books, I'm reselling books from different authors. Kinda the same idea, different program.

If I was to sell QL and maybe a random camera i pick up at a liquidation center.. I would get suspended.
