Yes and i have not looked for a buyer we are gonna dismantle the company just looking to sell the quipment.

Might be easier to find a buyer that way

They buy the company and equipment

If the equipment is valued at 100,000

Sell the company itself for 150,000

With 100k equipment already there

Someone even if they offer 125,000 im sure you'd happily agree
