Slezer is a super HQ member I've come to realize, always responds to my newbie questions when I ask in great depth so I fully understand and is always quick at responding. He also offered me to give him a voice call so he can explain any questions I have in more depth on the phone.

If you're interested in getting into this space and don't know where to start, Slezer is the man that can help!

What truly made me recommend them is that they still help after the contract is complete . They proactively reached out to offer additional guidance and assistance.

As I said I will be buying from them again. 10/10

How can you assume the methods are "not brilliant" if you couldn't afford to pay for them with bytes? You can reply to the daily check-in threads to get a few bytes everyday.

This is not my website, no; but the software which is mentioned in the article is in fact the one I am selling. Let me know if you have any questions.

slezer - August 11, 2023, 7:44 pm

Lowered Setup Service price, instead of having a price for each malware, the price is 60\$ for all of them.
