Thread: [\[H\] Spotify €30 \[W\] PayPal €16.5](#)

**SecuroServ** - July 13, 2023, 2:27 pm

Hi All,

I want €16.5 in PayPal for my €30 Spotify gift card which I consider a pretty good deal.  
I will only go first with trusted members.

This gift card will only work in Belgium not work if you have a "Spotify Duo" subscription apparently.

Kind regards,

SecuroServ

I reckon this will only work on € denominated accounts, right?

Ahh I just looked it up and Spotify's website states

Quote:Unfortunately, gift cards are only redeemable in the country in which they were purchased  
So in this case this will only be valid in Belgium  
The chances of me selling this are now extremely small ?

They will likely work anywhere € is currency of choice.
