I'll cop this for \$250 + Transfer fee. Lmk. I know what you actually paid for it, and \$550 is not going to happen anytime soon. Even for the Red Lions userbar.

I have been out of the loop for a while.
What abilities do cartels have?

Is changing the userbar a possibility?
Do they have their own subforum?

If someone could kindly point me in the direction of an explanation or the appropriate [Help Docs](#) page, it would be most appreciated.
I may be interested in this. :)

Yes, you can change the user bar for a Byte fee.

Do they have their own subforum?

You don't have your own sub-forum like groups do, you can chat in the hackuman section though.

What abilities do cartels have?

You can play HackForum games together like Hackuman. (Feed your crew mates HUM etc.)

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

I obviously hope yours sells, I just meant if someone is offering couple hundred for a crew I would be skeptical and use a MM to be safe.

Heheh - I wouldn't say it applies here so much as it does on like FB, OfferUp, etc. It's more about the hassle of the physical meetup if someone is like excessively time-wasting. I love giving the occasional run-around town for the obnoxious ones lol
