Thread: [Premium Traffic via Omegle | All Niches | Grow Your Socials!](#)

Childs Play - July 19, 2023, 2:54 pm

Hi,

I have an advanced, multi-step, Omegle chat bot and I'm offering advertisements. I'm able to reach up to 200,000 users per day and can advertise your OF, Snapchat, IG, product, or anything else you want. We can even target specific niches via topics.

Note:

We also have a blacklist, so the bot will not match with any spam, bots, or people that you don't want to reach.

Pricing:

10\$/per 1000 chats

Case Study:

In just 20 minutes, I was able to generate 250 new Snapchat subs.

Sure if you're a serious customer

Zigsonnnn - July 21, 2023, 12:51 pm

Received vouch of 2000 chats.

Directly to fansly, received 4 new followers in 20 minutes.

I think if it was directed to snapchat then funneled to OF/Fansly, the numbers would be higher.

Anyways fast and good service.

Thanks for the vouch! We have definitely seen higher conversions with a funnel, such as Snapchat.
Keep in mind we are capable of doing much more than 2000 chats and we will offer bulk pricing on 50k or more!

That's completely up to how your model interacts with their subs.
