Most of you won't know me, but for people who were avid lounge users many years ago I'm sure you will, I was very active, group owner/co-owner of many and due to unfortunate circumstances was closed (won't disclose but nothing like scamming etc) after many years and conversing with omni he has opened my account and I appreciate him greatly for it, I'm looking forward to seeing some old friends and see how the lounge has aged.

You name remembers me something, but I think we never discussed together.

Anyway, welcome back on the forum buddy
