Hello. I'm very interesting to buy this method since you are new on forum would you mind to give me 3-5 days trial version. I got good traffic quality to check this.

Obviously, it wouldn't make sense to provide a trial for a method like this. Once the information has been shared, it can't be taken back. If you have high-quality traffic, it's highly likely that you'll recoup your investment very quickly and 10x your conversions!

I am also interested in how to post live snaps from PC, so if anyone gets this and vouches for it I will probably be the second buyer xD
