Thread: [DIRT CHEAP INSTACART DELIVERY | AUTOBUY | CHEAPEST GROCERIES AROUND](#)

medicinalmac - July 25, 2023, 4:32 pm

Hey guys, I decided to revamp my last sales thread in a brand new post with updated prices, the main focus are the 30\$ off no minimum accounts as they have a higher success rate and are way cheaper in fees vs. the 50\$ off 55\$ accounts!

Click the image to shop + open contract at bottom of the thread

Pay with PayPal or crypto and have the product auto-delivered by purchasing with the link above!

If you want to pay via other ways such as Cash App, Zelle, Venmo etc. Send me a message!

Please open a contract before purchasing

All sales are final, any refunds after purchasing are at the discretion of me, just message me and we can resolve it.

You will read all instructions after purchasing the IC account as it contains important information for the product to work.

Do not sales trash if you are having trouble using the product, message me on discord in the instructions and I will help.

This method works in the United States and I am unsure if it works in any other country, you accept this understanding.

You understand you must remove your payment method after order is delivered in case it may attempt to charge you to continue their membership perks.
