t.me/SC101A

Our free telegram group. 2000 members in it. You may join. It's free of charge. Our telegram handles are @secretachiever101 and @sourcecode101 .

Sourcecode and I have been selling unique methods for years now. Whether it is, [BRAND NAME REMOVED], bumble, reddit, chatting guide/mentorship. Anything OFM and e-whoring related. We have been selling each of our methods for 1000\$+. Couple of days ago we launched a specific offer. A VIP telegram group which will include sections with a basic method for each of the aforementioned topics. When I say VIP group, do not imagine your typical HF group, just for chatting. It's filled with actual useful and valueable information. You can check our vouches either through our telegram group or our multiple selling threads here in HF. The VIP telegram group looks like this

Each section has the basics on how to create functional [BRAND NAME REMOVED] profiles, bumble profiles, advertise through reddit, a basic snapchat guide and how to funnel through instagram as well as how to chat and milk clients through OF. If you DM me until tomorrow to claim a spot prices are

1 month: 150\$

3 months: 350\$

Lifetime 900\$

Prices after tomorrow, after our launching, will be

1 month: 250\$

3 months: 500\$

Lifetime: 1.100\$

Besides that, we're also selling services exclusive to any other individual who owns an OFM agency, like us.

Read more on the second section to inform yourself regarding that service.

I used to write a small introduction about me and my services. However, if you've clicked on this thread, you are most likely aware of who I am and what I do.

So, me and my partner of more than 12 years which you already know as well [SourceCode101](#) have one of the biggest OF agencies in the world.

Since our telegram group creation , we've been contacted multiple times from smaller agencies for a plethora of reasons, included but not limited to, chatting , advertising, promotion, organization, scripts and consultation in general.

So, it's only natural that I launch this kind of service alongside with [SourceCode101](#) .

If you have an OF agency and you have a problem in whatever department that may be OR if you don't have an OF agency and you want us to literally set this up for you, you can reach out to me to discuss about the price of our consultation services.

Please, don't expect our services to be cheap, this business has literally millions of dollars revenue

and it's up for grabs easily. Having said that, I'm open to negotiation if you're being reasonable and you're not making irrational offers.

Some of the few services we can provide and a small description for each of them

1. Girls

We can find you girls to cooperate with. We have a variety of them to pick from. A fee or a percentage of the earnings are going to be handled to us.

2. Chatting services

I have trained a specific set of individuals, averaging 1:18 - 1:25 ratio while chatting. We get paid a percentage or a small fee and we send one of them out to your company as an external partner for a month. You hire him and he chats, as well as trains your other chatters.

3. Advertising/Promotion

Reddit, twitter, Instagram, TikTok, Bumble, [BRAND NAME REMOVED]. You name it. You know the drill.

4. Technical support

Every technical problem that may arise, Sourcecode will solve it. Setting up inflow? Teaching you and your team how to create multiple [BRAND NAME REMOVED] accounts? How to bypass instagram bans? How to convert traffic from snapchat to OF and not get banned? Again, you name it.

5. Organization and Consultation

How to set up a proper communication between all of your departments in order for your business to be running smoothly and not have miscommunication or structural issues

6. Literally everything else. Every-fucking-thing that you can imagine regarding this topic, we can solve. Literally, every fucking single thing.

If you want to reach out to me and get a reply regarding this kind of service. Your DM should look like this

Hello Secret, I'm interested in your services. I'm X and I have my agency for X amount of years. I'm having trouble in X specific department and I'd like you guys to take a look into this. What would the cost of that service be?

Got a model and OF content loaded into it. We just need traffic directed to the OF, and willing to split with you/your agency for a %. Would love to discuss this with you further.

Big thanks to Secret, he has provided me with one of his head chatters. First of all let me say that for more than a week the account has no new subs. He has been constantly doing shifts crossing 1000\$, 1600\$ and finally this one that he crossed 2500\$. The sub amount has declined a little bit more than 25% and the earnings have been boosted over 20%. The previous agency I was working with worked full time on my account. 168 hours per week. His chatter worked only 50 hours, with 25% less subs than I had and 1/3 of the time they had been chatting and still was able to boost the earnings 20%. I am just stating the facts, you may do as you please with them.
