Funny if you believed this for 20-50 years, you were called a conspiracy theorist.??? Now we are finding out there seems to be truth to it all along.

Makes sense when you consider the size of the universe & the amount of sightings and cover ups.

If this had a shred of actual truth behind it this guy would have been liquidated.

Don't get me wrong I believe in aliens and that we've known about them, but this isn't a whistleblower.

A. This is being used to cover up something else going on.

B. He's speaking out his ass about assumptions with loose facts to semi support his ideas.

I'm just interested in it all in general & space. Fascinating stuff.
