Thread: [Earn some cash via surveys and playing games](#)

Hi everyone,

I just cash out 5 USD to my PayPal doing suveys. It's easy to complete surveys and min withdrawal is \$5 . They have a lot offers like playing mobile games and complete levels and earn up to \$20 completing one game .

I wanted to make sure it's working before I share here . So I waited until I completed surveys and received cash in my PayPal.

Pm me or comment if you want me to send you the link .
