I'm going to keep this simple.

IF you are already making thousands per month, this post is not for you.

If you are struggling with traffic and to make money, you have a girl to manage but you have no experience, then this is for you. I can bring traffic to your OF and take a percentage. If you're from the USA, we can also make a deal for me to manage the account while you're sleeping (I'm in Europe) - simply so we don't leave money on the table.

Again, don't expect crazy traffic. I will be driving it from Reddit, Twitter, chat rooms and potentially expand it later on. I prefer if your model is comfortable with sexting and making custom videos, otherwise it's not worth my time.

I've eWhored for a few years back in 2016-2019 and have managed 2 girls for a short time on OF last year.

Shoot me a convo and let's see if we can work something out ??

Both send me some proofs of credibility. No offense but I'm not keen on doing business with new profiles.

More than happy to send some proof of credibility. Send me a dm

I have a friend that is planning on starting an OF.

Do you think you'll be able to help her? For example, I'll take a small cut as I'm simply the middleman and the rest is up to the 2 of you.

Yet I do not want the forum to be involved in all deals, is that possible or do we 2 have to take care of the HF contract and I have to maintain the offsite contract?

Definitely

Do you have in plan for me to manage her completely or just traffic?

I was thinking about talking with her first about a 'third party' being involved.

If she is consent with the idea, I'd suggest a way of tracking your traffic with unique (sales/conversion) ID's and making an official contract for each sale to be divided partially and paid out at ... (once a week, month, whatever).

I got many ideas in my head, but permission or her being consent with the idea is what matters most to me right now.

I will send you a Convo to remind myself of contact you if and whenever she is ready.

Hi, can you DM me, I know I'm "new" but I don't post on the forum. I already have my account and I am also European (France), and my account is running, see even mym if you can reach France. Big potential

TopGunNinja_ - September 29, 2023, 8:55 pm

Bumping to see if this is something you're still offering. I have multiple models that could use some supplemental traffic.
