VOUCH COPY REVIEWS

(Aug 20, 2023 10:41 AM)@StuffSneak@ Wrote: [\[CITE\]](#) I received a review copy for this method & below is my honest review.

Layout

Literally one of the best presentations I have seen among the things sold regularly here. Method has many pages & each step is explained meticulously & in very well manner. I could not find any mistakes in typography or grammar as well. Only thing I suggested was the text color to be changed to more readable one & OP already accommodated that.

I think there could have been a few screenshots here & there but I think its not that complicated anyways.

Content/Method

I actually already knew the method in question & I have already used it before so I for sure know it works. I guess that's all you need to know.

It does have some monthly limit per account but you can always make multiple accounts. Also there is small investment needed in the start.

Overall it is what OP is describing.

Thank you [AmnotAmnart](#) for giving me a copy. Good luck.
