Thread: [Found Useful Online Tool for dns recon & research / lookup dns records](#)

msmithham2346 - August 20, 2023, 8:11 pm

Code Find dns records in order to identify the Internet footprint of an organization. Recon that enables deeper security assessments and discovery of the attack surface.

Code FREE domain research tool that can discover hosts related to a domain. Finding visible hosts from the attackers perspective is an important part of the security assessment process.
