Thread: [Selling League of Legends account with tons of ultra-rare skins \(2009 account\)](#)

Biggs - August 22, 2023, 9:54 pm

Hi there, I'm selling my old personal League Of Legends account from the region EUW. I haven't played on it for years and it's time to let it go.

It has the following ultra-rare skins.

Ufo Corki
Judgement Kayle
King Rammus
Riot Girl Tristana
Forsaken Olaf
Pharoah Nasus
Urfrider Corki
Riot Kayle

And a few more, I'll post screenshots tomorrow, the servers are down currently.

I'm looking for around 150\$ - I'll take bids from 100\$.

You'll get access to the account and guarantee that the account will be 100% yours.

It's level 30 and unranked - last game played in season 4.

I hate to break it to you, but the only ultra rare skin there is King Rammus, all the rest are legacy skins which can be obtained in chests/specific times of the year..
