Thread: [Ewhoring tips - 2023 \(I'm returning to ewhoring after 5 years\)](#)

RhomeCabid - September 5, 2023, 8:43 pm

I used to make lots of bank back in like 2018 and 2019, but coming back to it now, KIK is an absolute graveyard. I've chatted with 50-100 good 'demographic' people on there and couldn't convert a single one.

Snapchat seems to be a dead end too, from what i'm hearing.

Either way, I need someone to help me out a little, in terms of getting decent traffic and doing it right in this day and age.

Anyone able to fill me in on what i've missed? I can't get good traffic if my life depended on it.

Tried Bumble, tried [BRAND NAME REMOVED], all trash.

The old methods still work, just add your Little twist to them.

Use your brain people:) Nobody Gonna give free methods because of the saturation.
