I've recently started re-watching one of my favorite youtubers shiey. He pretty much vlogs his explorations of abandoned places or his various traveling.

Here is one of his videos if you're interested.

[Video: <https://www.youtube.com/watch?v=WlCWI47VI6E>]

Most of the time I have him on my 2nd monitor while I do other stuff, he just has this chill vibe.

What about you? What is your favorite youtuber?

Jam1e - September 14, 2023, 4:21 am

Mr Ballen (<https://www.youtube.com/@MrBallen>) is a fantastic YouTuber! Uploads a video or two each week about strange, dark & mysterious stories.

Usually about disappearances, paranormal, cave diving gone wrong etc.

Deany - September 14, 2023, 4:41 am

Probably Ice Poseidon even though now he streams on kick lol. Been watching him since day 1.

Joel - September 14, 2023, 4:44 am

CallMeKevin or The Urban Rescue Ranch probably.

The Urban Rescue Ranch is zoomer humour but watching how re-hab for sick or injured animals is done is really interesting to watch.

(His titles are also just clickbait)

WebArt - September 14, 2023, 5:04 am

MrBeast is my favorite channel like always.

Loot™ - September 14, 2023, 6:25 am

THE TWO TIME BACK TO BACK BLOCKBUSTER INVATATIONAL WINNER, DR. DISRESPEEEEEECT! RAUUUUUUUL!

Shef - September 14, 2023, 6:28 am

id probably have to say out of nostalgia Smosh or Tobuscus,

i find it fascinating when i think back to the days, of when YouTube was relatively young and how fast the internet/social media has evolved.

Syndicate - September 14, 2023, 7:43 am

I really enjoy car videos so my go to YouTubers are Jimmy Oakes, Cleetus McFarland, and AdamLZ. I love watching them all

Dude Shiey is the goat. His Switzerland video a few years ago is what got me interested in BASE jumping when that guy Dylan tagged along. Shiey inspired me to create my own adventures in life after coming out of a pit of depression and drug abuse. I recommend his channel to everyone.

ALEDIO - September 14, 2023, 11:57 am

I don't have a favorite youtuber in general but I have several that I prefer depending on the topics they bring, in any case I also love shiey and also many other youtubers who bring content like his or even with him, his videos make you think and are very relaxing and pleasant to watch, in terms of content it is one of the best.

I'm writing this not even getting to read any replies.
I just wanted to say a big thank you.
I watched his 2 hour video he took in the exclusion zone in Chernobyl.
What an amazing person he is. Chill as fuck, doing things I wanna do.
Watched the video in one sitting if we don't count the tea and loo breaks.
It's not strictly YouTube, but
When in the bath I need entertainment.
Cant just sit there in silence.
Music gets me hyped so that is out of question.
For me Big Bang Theories or 8 out of 10 cats doing countdown is a real winner.
No need to focus yet have a giggle when coming up for air.

i like watching the carpet bagger, He goes to theme parks and travel vlogs.

Michael - September 18, 2023, 12:14 am

I enjoy a video of Coffeezilla, MrBeast every now and then.
Also enjoy Sunny v2 or Patrick CC.

Pred?tor - September 18, 2023, 12:14 am

Less a personality but "Dark Docs" is an AMAZING channel

Alpha Geek - September 18, 2023, 8:38 am

I greatly enjoy GrayStillPlays. He does all these ridiculous game challenges, mostly on Happy Wheels and GTA, he's entertaining and I get a laugh out of most of his content.

RSlash is definitely a close second if not in a tie with Gray. He reads various reddit posts and gives an opinion at the end. Some of the stories he reads make you wonder whether you should have any faith in humanity.

droidman - September 19, 2023, 4:49 am

I like to watch astrophysics channels like anton petrov

oRequiem - September 19, 2023, 2:42 pm

I have to go with KOSDFF.
Probably the best Troll so far.
Been watching him since Call of Duty: Ghosts

Lurkbin - September 19, 2023, 5:04 pm

The Why Files!

Just found this guy a week a go and watched almost alll lof his video lol. Very informative as well.

BlackMale - September 29, 2023, 1:15 pm

KSI and MrBeast are always good to watch on youtube.

EmperorPalpatine - September 30, 2023, 8:13 am

IDK why but I've been bingin on old Mortal Kombat arcade plays on the tube.

Darryl Tsung06 got some cool content and he's doing pretty good for a new youtuber.

Don't really have a favorite though. Anything that has to do with Black Sabbath to conspiracies floats my boat on the tube.

DemonAsylum - September 30, 2023, 9:06 pm

I don't think I've ever really had a favorite YouTuber. There are lots that I've enjoyed and that do all sorts of different content, but none of which that I would in a split second say are my favorite.

Charlie Sheen - October 1, 2023, 12:26 am

Lately it's been TooTurntTony, but I think I've seen everything of his. MrForstadt is another one I like to watch. He owns a 1983 Delorean and does an entire series on near things about the Deloreans.

Yin Yang - October 1, 2023, 7:23 am

I usually just stick with sports, so ESPN and undisputed.

Biggs - October 1, 2023, 9:51 am

I don't have a favorite but there a few that make really high quality content, usually I'm just watching UFC on YouTube or a Mr Beast video.

He's got that unique exploration content that's quite captivating. As for me, it's tough to pick just one favorite YouTuber, but I'm into educational channels like Vsauce and CGP Grey. They make learning fun and fascinating.

Shiey - from the same country as me, chill dude. I don't really have a favorite YouTuber, but from time to time I certainly watch MrBeast, Coffeezilla and Iman

flingy - October 30, 2023, 6:47 pm

I've stopped watching videos since like 3 years ago lol

Jake Johnson - October 30, 2023, 7:56 pm

Honestly, I don't nearly watch YouTube videos as much as I used to. Nowadays it usually is watching graphic design related content. I definitely watch almost every new CBOYS video though.

roadman69 - October 30, 2023, 7:58 pm

No longer watch YouTube but i liked pewdiepie

Cooligan - October 30, 2023, 8:39 pm

Oh wow I haven't watched a Shiey video in a long time but I used to watch him often years ago.

As of right now it varies depending on the content, but I'm really into Leon Lush, Johnny Harris, DarkViperAU, Modest Pelican, Fitz, and then a few different podcasts like PDB.

LOUD - October 30, 2023, 11:35 pm

Interesting watch for sure! I dropped a sub and will be checking him out when I am bored.

Thanks for sharing.

Proof - October 31, 2023, 12:30 pm

Really depends on the mood or type of video we are looking for.

I enjoy short documentaries relating to tech/markets or global events.
