Thread: [Looking for someone with strong negotiation and sales skills](#)

I am beginning to acquire Top Level Domain names of existing businesses. I am looking for someone to reach out and negotiate with these businesses and sell them the importance of having solid domains. Whatever sale you make on a domain, we'll split 50/50. I'll take care of costs of acquiring the domains and research into the brands, you take care of the rest. If this is something anyone would be interested in, please feel free to DM me.

I will shoot you a DM shortly.

Also highly interested. Used to make money in sales and read many books on persuasion and manipulation. If interested, hit me up.
