Thread: [Ownership of my \[BRAND NAME REMOVED\] Bots \(v2 and v3\)](#)

v3 - <https://hackforums.net/showthread.php?tid=6249541>

v2 - <https://hackforums.net/showthread.php?tid=6230947>

AI [BRAND NAME REMOVED] bot, determines people's race, how much they make a year, their star signs, etc. Messages people using AI, etc.

Comes with the source code (to v2 and v3), ownership & sale rights, as well as the source code to the licensing system that I created to manage the software.

v3 is brand new but v2 has tons of sales that I could provide proof of income for.

Bundles perfectly with my Instagram bot ownership that is also for sale!

tbh if no one buys these in the next 2 weeks im probably just going to open-source both my [BRAND NAME REMOVED] & IG bots, not opposed to either one.

Neither of my bots are for sale anymore and I'll be closing this thread. PM me if you're interested in buying either.
