Thread: [\[FREE\] ->> Easy MONEY Making through TIKTOK](#)

segudy - September 25, 2023, 9:01 am

Hey Guys,

i found a Group of People, who pays a CPM of 0.40 cents per 1000 Views on Tiktok Videos.

The Tiktok Videos dont have to be 1 Minute long, you can make them as long as you want.

That means if you hit like 1 MIL Views you will get 400 Dollars. You even get the Content you need to post, so its like a very profitable Sidehustle.

Payout is weekly after sending Proof of the Views and every Friday there are a Poker Game Night with the Owners, where you have the Chance to win like 100 or even 200 Dollars. No Money needed, cause we play all for fun and the Owner is sponsoring the Money Pot.

Write me a PM and then write "Done!" in this Thread so i can see, when you interested!

No, the content you will use to post on tiktok are "podcast clips" from girls all over the place. So you only need to post it on many accounts. You even can edit the raw video material to anything you want. The only goal is to get a viral video. They pay you in single videos, so its not like you get one video 500 views and the other video 500 views and they pay you 40 cents. When you get good views, they even make the cpm for you higher. So you start with 0.4 per 1000 and can climb up to 0.8 per 1000. Its a pretty new community and they 100 members so when you join now, you will get a good reputation when they grow big!

The Poker thing is just like little Events every friday to give us Content Creator something back!

Write me a PM, when it sounds good for you!

My name is Sam,I'm an e-commerce operations manager from China with extensive experience in running TikTok Shops. I have a deep understanding of how to make money on TikTok Shop. Before this, I worked with Douyin shops in China, and the money-making methods and operational strategies for TikTok Shop in the United States are exactly the same.

I don't charge any operational fees or service fees. I'm simply looking for honest cooperation with Americans to make money together on TikTok Shop. Currently, TikTok Shop in the United States is only open for registration to local businesses and individuals. Being a Chinese national, I can't register and open a TikTok Shop in the United States. As a potential partner, you would need to register a TikTok Shop and link it to your own bank account, so you don't have to worry about any financial risks.

I can handle all aspects of the business, including:

- 1.Market research and product selection.
- 2.Product promotion and collaborating with influencers.
- 3.Data analysis and running advertising campaigns.
- 4.Handling product shipping and procurement (I can source products at very competitive prices, which means your profit margins will be quite high).
- 5.I'll take care of all operational tasks, but there may be times when I'll need your cooperation.

Profits will be split evenly, with each party receiving a 50% share.

If you're interested, please get in touch with me at: [deleted]
