Thread: [WTS Fifa 24 Coins PC \(EAFC 24\) - Around 500k](#)

Techie - September 27, 2023, 6:38 pm

Looking to sell around 500k coins for PC.

What's currently the new way/safe way of transferring coins? I haven't played Fifa, or whatever they call it now, in a while. Can you be sure your method is reliable?

Pretty sure it's just the same. At least I did it last year without any trouble. Just put something for sale on the market that an higher max limit of coins and put a bid on it.
