SMALL LIST OF OPEN CAMERAS FOR YOUR ENJOYMENT

Google Dorking open IP cameras is a known and old hobby, so i compiled a small list of open ones i thought were weird or interesting.

Could be an API call or could just be a static video linked, either way kinda cool to look at.

Anyone who sees this just notices that a graveyard thread got bumped. I had to scroll down to see your unrelated post, which I don't necessarily do. Should have posted a new thread with better wording. If you don't know good English, use Google Translate.

English, use Google Translate.
Neither Google Translate helps in some cases.
