Sometimes I am very obsessed with brands, do you have a favorite brand?

Prettykitty - October 6, 2023, 12:53 pm

I don't really have a favorite brand, just go with whatever is good enough quality and value for money.

What brands do you like?

Not found of a brand in particular, besides brands can change (one day being good, another day doing shit). I just try to appreciate good products in general

Maybe a one that deserve honor is Patagonia

I agree, Patagonia is a great brand and for the fact I just love outdoorsy type clothing.

To be honest I don't own any of their clothes but I'm planing to. I saw an article just after the owner of the brand died and he was into ecology and he gave his company for protecting nature. That makes me want to spend my money on it instead in fast fashion stuff and capitalistic shits

Wow thanks for the link I had no idea the owner gave the company away to protecting nature. Sounds right in line with their values. I'll check the article out!

Charlie Sheen - October 6, 2023, 3:21 pm

Not really. I don't care much for brands. I go for whatever is going to suit me best.

Dorrance - October 6, 2023, 3:37 pm

I would say the only brand I have been obsessed with is Ralph Lauren. I have been rocking it ever since I was child. It's affordable and I do not see it as an expensive brand compared to others unless you are purchasing business attire.

Brand names aren't a big deal to me. I have plenty of things that work very well or look great from brands I had rarely or never even heard of.

I look for quality over trendiness.

For me, it's about how good something is, not the brand name. Quality over hype.

Yeah that's what I was getting at.

If a hammer does its job does it matter who made it?

As long as it works, the brand is secondary. Function over name.

Hubris - October 7, 2023, 12:26 am

I have never cared about big brands like Gucci and all.

I like small, local business brands though.

I appreciate quality and value more than a brand name.
