Thread: [Convert eggs to Hack Game Cash](#)

perm - October 11, 2023, 7:22 am

I think being able to convert eggs to Hack Game Cash for people who would rather play the hack game would be a nice addition.

Or maybe add a solo version of the hackuman game (which I believe was in the works at one point). It's a bit tiresome to hatch eggs and level up just to get killed almost instantly. I think the game itself is extremely nice though.

Definitely a cool idea to boost hack game activity although I think that games needs a makeover

Omniscient - October 12, 2023, 3:05 pm

Actually not a bad idea. Mainly because members can also use it to destroy their eggs if they wish. Let me look at this carefully and figure out where I can code this in.
