Amazon Automation By MnK Wholesale

Quick run down about me, Ive been selling on E commerce platforms for over 10 years, Walmart Amazon Facebook Hackfourms wherever. Should scale close to 500k this year fbm/fba/automation. I am happy to bring you a service called Amazon Automation

What is Amazon Automation: So basically you will be assigned a team member who you will be in contact on the daily.

The team I have put together will basically run the store for you. THEY will Find,List,Buy products and they will ship to a prep center who than will prep package and ship your products to the customer

All we are doing is buying products from online retail stores and selling on amazon. Easy

Things needed for start up:

Amazon Seller Account

Start up fee

16GB+ Server

Credit Line 2-5k

Walmart Target eBay Chewy Home Depot, Buying Accounts!

Need to setup some type of LLC to be able to get Tax Exempt on certain websites and to have a business created

ALL STORES WILL PROFIT NO LESS THAN 20% EACH MONTH

How much is our service: CLIENT KEEPS 50/60/70% depending on package

50/50 : Profit Spilt No Startup Fee no Monthly

60/40 : Profit Spilt \$500 Start Up Fee and \$200 a month

70/30 : Profit Spilt \$500 Startup Fee and \$500 a month

Below I have attached the last 6 months of Profit #s after fees shipping prep etc

Why do you offer this service? Why not sell the products on your own / their own Amazon accounts and get 100% of the profits?

Their is over 350 Million products that are listed on amazon. It is very hard to find good selling profitable products. Why not have both?

Or someone who just wants extra HANDS free income. Literally do nothing.
