Damn you really did get lucky with less than 1k spins :O

Did you use the auto-click script or was it all manual?

My 11k+ spins have all been manual so far lol. I think it's time I use the auto-clicker though. (yes this is allowed for only Slots)

Oh I plan on it.

I just gotta find who has the auto-clicker script for me to use first. My index finger can't take it anymore ?

Cunt - October 25, 2023, 10:50 am

Yeah I probably should. I've been debating what numbers I would play if I were to decide to do that.

Yeah man, I doubled up after betting 1k. I'm not sure what that means, the dealers up card?

Do you follow basic blackjack strategy?

It doesn't really work all too well here on HF but I still use it anytime I am playing blackjack unless I just have a strong gut feeling.

I don't usually play IRL but if I do, I'll have to keep this in mind. Saving these images for later, that's for sure.

Always crazy seeing so many people have their Blackjack stats in the millions. I hate the dealer too much to give him that many of my Bytes ?

Maybe switch him up with a different BJ engine model and I would re-think that lol.

BlackMale - October 28, 2023, 3:32 pm
