Thread: [\[\\$10,000 BUDGET\] Rare Usernames / Minecraft, Instagram, Twitter, etc / Even SUS'd!](#)

nuuchehm - October 26, 2023, 12:03 am

Looking for nice names on the following:

- Instagram
- Twitter
- Minecraft
- Snapchat
- Domains (.com, .net, etc.)

In some cases I might buy suspended OGs/accounts.

I may also be interested in the following:

- Emails (@gmail.com, @hotmail.com, etc)
- Discord
- Twitch
- Steam
- TikTok

No ugly names, mainly looking for nice one word names (examples: "dark", "wallet", "mouse"). I am also interested in abbreviations (examples: idgaf, lmfao, lol). Known characters / anime related I might be interested in too. Please no English words like "glueing" or words I've never heard of.

I have spent up to 5 figures on a username, however, that is for the best of the best. Ideally looking to spend a few hundred to a few thousand per name. We can use a middleman and crypto too.

For privacy please DO NOT post your usernames under this thread, instead, private message me directly. I do not use this website much so I'd appreciate it if you sent another method of contact to, like an e-mail.

Also will pay a fair fee too if you can connect me to someone and I buy their name.

I used to be into collecting names as well, so I'm wondering if your criteria is the same. 1 word, no numbers and 7 characters or less
Less characters the more value?

Typically yes, but some names which are longer still have more value.

Got back from a trip yesterday, sell me your old names!
