As the title says, I need crypto for PayPal. Funds will be sent to friends and family. Only after I receive the crypto.

Thanks.

These are my rules, I am old enough on this site and have done trades over \$5k with a single user here. I am not sure wtf is bothering you to jump into someones thread with your advice, I am sure everyone has their own brain.

Nothing bothering me, was just providing who ever decided to do business with you to look at facts. That is all, but clearly you do not see that. As i said i did not mean any disrespect which you clearly have taken offense because i stated facts. Good luck in getting your exchange done.

Dude, come on. You disrespected me directly on my thread, and should I not take it as disrespect? What the fuck, man!

so I know what I'm doing. I appreciate your advice, but I've got it covered.
