Hi,

I'm looking to hire an excellent graphics designer. Here's what I require.

I need graphics for Poker ships, poker cards & others.

Ping me with your work. If you have done anything on Poker, it's an added advantage.

I think it would also be wise for you to save both parties some time by stating your budget range for the work.

Fair ask.

My budget is upto \$250 depending on the quality of the work and TAT.
