Thread: [\[HUM\] - How many Gold eggs have you gotten?](#)

Proof - October 30, 2023, 3:31 pm

Title says it all, how many gold eggs have you gotten that you can recall, since the release of HUM?

I myself, aside from lottos-- got maybe 2.

I have 2 in my incubator right now just waiting incase I ever try to go for HUM award.

Probably 4 total.

I have one. But I am scared to give it a life. Lot of people are there to kill it.

LeetSpeed - October 30, 2023, 4:22 pm

I've got one hatched it and [DemonAsylum](#) killed it the same day!

Crowned - October 30, 2023, 4:43 pm

Got 3 in the incubator, other 3 unused, sitting on my profile. (Talking about overall eggs)

For the gold one - only 1

Endorphins - October 30, 2023, 5:09 pm

I've already got 3 golden eggs since I became active this month.

Sadly, I didn't take care of them enough, and were all killed in the wild.

That happens, gotta just post in the check in thread once daily and then just hide it.

But damn.... 3??? Lucky man

Eh. I don't necessarily find the game that interesting. But that's just me ?

Play it for the award at least! Get 50 kills, it is a lot easier than most people think.

Is it actually that easy? ? If it's for the award then might aswell go for it ?

Personally, the level 1s up to like level 10-15 with a Gold, Purple or Blue should be extremely easy.

If you need bytes to play, feel free to hit me up-- I will make a small donation.

Just for you, I'll give it a try. We'll see how it'll go ? I think I'm good with bytes, even though unsure how much it might costs in total. I appreciate the offer though

Cost like 100 to incubate and less than 100 to hatch.

If you ever need for HUM specifically, feel free to message me.

Maybe too easy for past seasons, but doable.

100, 250, 500, & 1,000?

Cooligan - October 30, 2023, 9:18 pm

In total? I've got about 5 by now I think, maybe 4 and yes that's including the one I currently have
now.

That's how I feel, I don't wanna waste my Freagle egg since I haven't hatched an egg yet so I'm not
fully aware on how everything works yet.

Yeah they were all from posting. I never played HUM so I had no reason to go for one in the lotto at the time.

I wound up selling all of them and got a good amount of Bytes in return.

Jinu - October 30, 2023, 11:37 pm

So far I have gotten 4 golden eggs. I used one as in the lottery and rest to decay. Because egg lottery already removed.

Biggs - October 31, 2023, 6:17 am

This season I've got like 5 golden egg so far, I've hatched 3 and upgraded the HUM twice. To bad I forget to hide my monsters and they get sniped when I sleep.

I think that from the inception of the Hum game up until now, I've acquired around 8 golds through postings and perhaps 3 times from the lottery, if my memory serves me right. So, in total, it's approximately 10 or more since the beginning.

In this current season, I've obtained the very first golden egg and just yesterday, I received the 2nd golden egg for this month.

Everyone beats me I swear, lottos are where I got most of mine from.

Zero, not a single one! Scamley hates me!

DemonAsylum - November 2, 2023, 8:00 pm

I got 5 in this past month of October. Pretty sure that's the most anyone has gotten in such a time frame, but to be fair I was posting like a mad man given Octoberfest, Lounge Head, and Sky's \$250 BTC contest lol. Still lucky asf to get that many and at all quite frankly. 0.1% chance to be given out

after all or assuming it hasn't changed in the past few months.

As for before that, I've gotten a couple in previous HUM seasons and then also have won a couple back when egg lottos were still a thing.

You are always the top favorite to get those golden eggs on the lotteries ?

A lot of them I didn't go TOO hard for honestly. I remember for many of them and especially towards the back end of the egg lotto days, I was more focused on as many of those from our crews getting entries in and hooking yall up with bytes to do so as well. Basically just making it as high of a chance as possible that one of us locked it up and could use it to all of our benefit haha.

I'll tell ya what though, having gotten multiple from lottos and posting, the latter feels WAY better. It's not just because it didn't cost me bytes either haha. There is just something about getting lucky enough to have a golden egg appear for ya and even just simply seeing that message that tells you so. Ah it's quite nice ?

The more effort you put into obtaining those eggs, the greater the sense of their value to you naturally.

Yeah, even when it comes to the rarest egg of them all in a gold, it can still end up being a let down ?
