Thread: [CPA OFFER \\$10-15 PER LEAD. CONTENT PROVIDED. SAME DAY PAYOUT.](#)

perk. - November 1, 2023, 5:15 pm

Hello guys!

Currently I have a project underway that I'm promoting on TikTok ads. To date I've spent around \$5000.00 for around 600 leads. Average CPA is around \$11-13 depending on the day.

Here's how you can help me & I can help you as an advertiser:

I need this campaign promoting as much as possible, instead of using advertising networks to select offers why not help me promote this landing page to target my niche (Finance & Investments).

I currently have:

3 different types of video content to promote the website.

3 different email templates that you can use to promote the offer.

A very good high converting landing page.

This will all be provided to any advertisers that think they could promote with me to help.

Payouts will be daily and I'll be paying \$10-\$15 per lead depending on source and quality of traffic, payout can be same day in crypto currency.

Lead Capture Info:

Name

Email

Phone

Very easy offer to promote and very easy money to be made for any good advertisers that know what they're doing and aren't scared to maybe invest a little into the offer themselves.
