Made some good money the first time it came out, sold my share and took the profits, I didn't even think the coin would last so long after then went to the safemoon v2.

Glad I took my money out of SFM before it crashed.

No. This project was a tier 1000 shitcoin from the start.

Why did you buy it at all?

Crowned - November 3, 2023, 6:35 pm

It went to the moon and back to earth. Seems right

John Constantine - November 4, 2023, 10:39 am

I bought some coins in the early days and sold during the big pump. Safe to say I'm happy this is

happening. The team behind this 'project' are real scumbags.

LeetSpeed - November 4, 2023, 4:27 pm

Nope this was one of those 101 shitcoins.

jdshshdhs - November 5, 2023, 12:21 am

I'm super bearish, these guys are 100% going down

Neal Caffrey - November 5, 2023, 12:41 am

flingy - November 7, 2023, 1:30 pm

Shitcoin are literally shit

LXXVI - November 7, 2023, 8:48 pm

Wash trading in highly sanctioned countries, 99% of the funds imported are from cocaine probably. They also imitate the State Fire Marshalls. This coin is going to start a war and the owners will face hell.

Neal Caffrey - November 8, 2023, 3:14 pm

wow this news was so bullish, founders cant rug the LP now

going to load up more on the dips

LXXVI - November 9, 2023, 2:58 am

This is honestly the joke of the year, why would they pursue this case in Florida and New York. It should be in California or Texas or Washington's District of Colombia. This is like mark karpeles of crypto except this happen in the UNITED STATES.

Neal Caffrey - November 9, 2023, 2:30 pm

wow so glad i bought the dip, up SFM 10% today, on the way back to the moon

LXXVI - November 10, 2023, 7:37 pm

The news on this story is so fake?

'They're in jail, they're not in jail

Out on bail, not out on bail

They have restrictions, they do not have restrictions'

Variance - November 15, 2023, 8:22 pm

This makes getting burned on the rest of my cryptos hurt less lol I saw it coming from the start. R.i.p.

nossy1996 - November 16, 2023, 9:40 am
