Thread: [Scrape List](#)

Eminem????? ???? - November 29, 2023, 8:06 am

I need the discord usernames scraped from a server. Should be pretty basic. Dm me with a price please.

Is it a public server? Do you want it scraped once only and the list sent to you?

Public server, Currently I'd like it once and the list sent to me. Possibly having it done at a later date as-well to cover people that were offline. But for now just once.
