Good job, keep moving forward!?

RS Endeavors - June 2, 2024, 6:57 pm

this is by far the worst 10 bytes ive ever spent. its impossible to read, I just spent 40 minutes unlinking my phone numbers from previous accounts and it did absolutely nothing. No method in here has worked thus far.

Literally none of these methods work and I just wasted about an hour of my life trying them out. I want my 10 bytes back + another 40 for wasting so much time. This thread needs to be closed because its literally a scam.
