This year Luminalia event has started in star citizen, This year is set to be huge for Star Citizen as Squadron 42 has wrapped up development so the devs are moving focus onto the Star Citizen game!

Right now if you decide to get into the game with a starter package and you use a referral code you will get a free special set of gear that you keep forever and are account bound, meaning if you lose it in game you can recover it and always have a great set of gear!

Check out some YouTube videos on Star Citizen right now!
