P.S.

The topic has generated significant interest, with 36 pages of discussions. Here's another cool method for quick collection on CS:GO or other games. Visit steam tools - [hxxp://steam.tools](http://steam.tools) > Emoticon Gallery. Look for icons such as VIP smiles, crowns, skulls, Satan, and chess figures.

These icons often indicate free games, and cards for these games tend to be expensive. Good luck with card farming!
