Probably cause you'll get banned almost immediately idk

AccifyStore - December 21, 2023, 10:54 am

Well There's only 1 hour warranty because the most important thing for us is that we deliver Correct info of the acc (user, pass, etc).

And if you account is getting banned soon as you login thats 100% your proxies. You'll get guide after you purchase accounts so you have nothing to worry about :_-)

For any other quesitons feel free to ask.
