I have done it. Took a bit longer for them to confirm my credentials but everything turned out fine. I received only 10 euros of shares which I cannot take out, I guessing for a month or so.. so yea. Bought some Tesla stocks and will probably forget I even have an account on the site..

This is false. You can withdraw, but not immediately. It is a system that prevents abuse from referrals. AFAIK, from what members told me, you will be able to withdraw in a week.
