Thread: [Won my appeal against Reddit ban!](#)

The Pact - December 31, 2023, 4:29 pm

I know it's weird, but I have become very close to someone on Reddit that I have been talking with on Reddit every single day for maybe like nine months or something and I'm banned from Reddit for 7 days and she will wonder what happened to me. Can someone message her for me. [For those who asked in PM- you can't use another account associated with your IP or devices and they warn that you can get a permanent ban for trying to get around a 7 day ban.]

.....

Edit----- Never mind I have now won my appeal. Literally the post was a post in September.... and I was banned for it New Years Day....slow moving bots picked up that people discussing the shows To Catch a Predator and Hansen versus Predator with Chris Hansen were making posts related to something about sex with minors! Who knew? ?

This is the second time this year that I have won an appeal against a sitewide Reddit 7 day ban because the bans were both truly ridiculous and not even me being even a little bit edgy AT ALL.

I can PM her. Private message me.

The Pact - December 31, 2023, 4:59 pm

Thank you so much!

This is hilarious. You all know the shows with Chris Hansen about paedophile stings. So today I was banned for some joking post I made in September on a subreddit about those shows and they said I was posting about sex with minors. Duh.

It's relaxing to laugh about those shows on the subreddit because the shows are hilarious.

Damn slow crawling bots banning me for something from September.

Guy says "I was bored", "I just wanted to hang out, but "Nothing sexual though". Creeps.

I never saw this post. What was he like?

I was permanently banned from Reddit's autobot 6 months ago for 'spreading hate'. I have appealed many times but they don't reply and the ban is still in place.

Reddit has been ruined since they became public

His kids were fine, and one was a local weed dealer

They didn't let fame get to their head, and they really didn't like people talking about their dad's career

Well done Madam, on winning the appeal. ?

That Chris Hansen though. I always felt the show was setting up people just for the effect of chasing someone out of the house with cops screaming "stop resisting arrest!" even before they lay hands on him. Yack! ?

I have just read this thread back from 2024 and was wondering why its up and bumped again , until I started reading the comments LOL .. ??
