Thread: [2 dutch dropshipping stores for sale](#)

Carmine Jr. - January 2, 2024, 8:23 am

I am selling 2 dropshipping stores that were for a client but his payment is 2 months too late. We are going to sell it for less than we shouldve gotten from the client since we need to make space for other projects on the server.

Luchtzuiverendekamerplanten.nl

It is a dropshipping store connected to Flora@Home, the prices on the site are included with shipping and VAT.

Big margins and we already did some linkbuilding and SEO work. Main keyword to rank the site is Luchtzuiverende kamerplant or Luchtzuiverende kamerplant kopen.

Price: 500 euro

Elektrischekinderautokopen.nl

Connected to GoGetters, easy to use plugin which costs 40 euro per month and you can upscale with another supplier like BigBuy,

Also some linkbuilding and SEO work done for the site.

Price: 500 euro

Payment methods: Crypto(BTC,ETH,SOL,LTC), WISE
