Thread: [Servers with GPU // VPS and Dedicated Servers // Europe and Asia](#)

G-HOSTING - January 5, 2024, 2:49 pm

Good afternoon!

We're ready to offer you dedicated and VPS servers in Europe (Germany, France, Russia etc.), Asian countries (China, Hong-Kong, Singapore etc.) and USA.

Have a lot of different configs, for more information please message us by contacts or PM.

All kinds of CPU from i3 and to 2 × AMD EPYC 7742. Any amount of RAM and SSD / NVMe / HDD. Many kinds of servers with GPU.

Examples of available configs:

Core i7-8700, 64 GB RAM, 2x480GB SSD - \$200

Ryzen 7 3700X, 64 GB RAM, 2x1TB NVMe - \$250

For another configurations please message us by contacts. Always ready to make your own config!

* Servers for backups with big amount of space Servers with GPU

Servers with big amount of RAM

* Servers with gb network and unmetered traffic

Also we have servers for masscan and brute z668 with a gigabit network.
