OP needs to update this thread.

I did 2 reviews for him then he said they didnt "stick" and refused to pay me.

I sent proof/screenshots.

His thread simply says do the reviews and get paid.

Don't waste your time like I did.

Because your thread simply says do the review and get paid.
It doesnt say if the review doesnt stick or not.

I noticed OP had 0 bytes when I did the 2 reviews for him as well, be careful with him.
