I had a bunch of suggestions for you, then I read not to recommend metal ;_;

I've been listening to old 2010s dubstep this week for some reason lol. Old Skrillex, Knife Party.. try that!

Mmmm, well i recomend you:

IMPERIUM - UOKTDH (Unicorn On Ketamine X The Dark Horror remix)
Attack (Remastered) from Unexist - Topic
Have a nice life - i don't love

and more "wild" i would say:
Aphex Twin - Come To Daddy

hope that you like it, if you want more recommendations you can dm me

Since no metal.. I can only recommend this UK drill. Beat goes hard.
