passive income methods I am using

[FREECASH](#)

with freecash you can complete gaming offers and survey offers!

I personally use the survey offers a lot but the gaming ones are worth checking out! Done a lot of different websites like these already (swagbucks, panelnet, etc.), and I like this one the most.

Sign up now and receive up to a 250\$ bonus :)

[GETGRASS](#)

with get grass you share your unused bandwidth and earn points by doing so. You need a referral to get off the list so feel free to use mine :) (PjTHwsGkJ89Ucia)

get grass is still in the early stages so get your grasp on it while you still can!

Besides this I do gambling, but that isn't much of a passive income method imo!

FEEL FREE TO CHECK IT OUT AND I WOULD APPRECIATE IT IF YOU USE MY REFS <3

grass is a scam. they have been public for months and the coin still have 0 value, you can't withdraw anything from it.

it is still in the beta phase, and a few developers showed their face so I doubt it is a scam
