Rapids Private Investigation Service

I see old threads of people replying to investigation services to users that have not been online in years; so I figure I will provide one for free

Comment below that you PMd me and then PM me the info/scenario and we will figure something out

This service is for free and will be in my downtime. So do not expect the quickest replies

I will reply as quick as I can. Sometimes I open messages and reply later

Do you still offer this? I've honestly narrowed down to a few tools and might just need a quick discussion if you don't mind. Tracking a sex trafficker.
