If you aren't betting with Altbets you are leaving cash on the table. The free tips are great and Dash was nice enough to let me see what premium was like for a bit. I won a little over 75% of my bets. He also knows the sites to get free bets on, my seed money was \$10. I made \$300. Betting 5-15 per and if I had been more aggressive I would have made a bunch. Definitely a good investment.

DashPHP - May 24, 2024, 11:00 pm

Fantastic gains last night.

A few minutes a day to enter these tips can turn into really nice passive income.

Hit me up and let's get started.

Fantastic day again!
