Thread: [2024 - HOT - How I make 20\\$ everyday with AutoBot](#)

MarkGold - January 19, 2024, 9:45 am

Hey guys, just wanted to post a method I use when I really need some quick money.

This is in no way a long-term solution to make endless amounts of money, but it's a good way to get some spending money.

I used this method when I was first starting out. It pays around \$10-\$20/hour no bullshit and one of the only methods people actually go through with.

There are two methods I'll go over, first is a simple and easy way with a less reliable source and second is high payout for the hustlers.

Enjoy this took a long time to make

Leave a comment and I'll send you on PM if you don't have Bytes

This is in no way a long-term solution to make endless amounts of money, but it's a good way to get some spending money.

I used this method when I was first starting out. It pays around \$10-\$20/hour no bullshit and one of the only methods people actually go throat with.

There are two methods I'll go over, first is a simple and easy way with a less reliable source and second is high payout for the hustlers.

This site is pretty decent. There's multiple ways you can earn, depending on the risk it can be worth the time.

- 1) You farm the faucet.
- 2) Risk what you earned with the faucet. Preferable to have a decent amount before starting.
- 3) Use a script. I made my own and seems to be working pretty well.

I'll take a look at this.

Yeah this is a script for bitcoin gambling. I will give it a go and see what happens. I am pretty sure that I have used this or something similar in the past and it doesn't really work. At the end of the day bitcoin gambling sites do know these scripts exist and will make the system dodgy to make you lose in the long run.

Hi mark, I have tried the coinscrash game, it's pretty decent, however how do you make passive income in an hourly basis, as there is a risk of losing as much as you invest.

Can you share me your custom script, because the script provided only does 1 bit at a time, you can private message me.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for

each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
