Thread: [If bytes were edible, what do you think they would taste like?](#)

**Buzzdrone** - January 23, 2024, 3:16 am

Inspired by both the thread about bytes being weird as well as pain keeping me awake, I figured I'd ask a bytes question not covered in any of the existing documentation. Also, feel free to contemplate on texture too if you want. I don't think I have the power to stop you.

**Eran** - January 23, 2024, 3:19 am

Sweet taste of corruption.

**diiiaz** - January 23, 2024, 3:33 am

Popcorn.

**????0?? ???** - January 23, 2024, 5:50 am

I imagine it would taste like a cortical stack from the show Altered Carbon. Please don't ask how I know what those taste like.

Mainly because I don't, but my imagination shines.

**Syndicate** - January 23, 2024, 5:57 am

Idk, when I think of bytes I think of them being like a "bitcoin" in the size and shape. So I think of pennies. Would taste like copper I think

**Trust** - January 23, 2024, 6:21 am

Grape flavor.

I would think it would be obvious.

Wym you can't, you have enough! DO IT NOW

**Rahul007rhp** - January 23, 2024, 6:49 am

I think they would be sweet as everyone loves them

**Dag0bertDuck** - January 23, 2024, 7:03 am

No i cant try to to hit the button morty

I have to upgrade my account first

**Eran** - January 23, 2024, 7:04 am

My bad

I'll remember this day tho, when you upgrade if I don't get 10 bytes I'm raiding your basement

This just reminds me once again that I need to get around to watching that show.

(Jan 23, 2024 04:33 AM)diaz Wrote: [\[CITE\]](#) Popcorn.

So not too much flavor naturally, but I can easily add butter or some flavored powder to it?

Add some salt. Love me some salty popcorn.

**peNchy** - January 23, 2024, 9:24 am

Bertie Bott's Every Flavour Beans from Harry Potter.

**Deany** - January 23, 2024, 9:28 am

Ever had the snack called Munchies ? Probably those. Can't get enough of them lol

**Jamika** - January 23, 2024, 9:59 am

Like icecream, or maybe biscuits ?

**Nightmare** - January 23, 2024, 10:34 am

Cocaine of HF, it gives you something but it takes it away after!

**Monero-chan** - January 23, 2024, 10:36 am

The first thing that came to mind are those bite sized snacks so maybe something like that.

Maybe like a sweet fruity flavor

**Yanix** - January 23, 2024, 6:35 pm

Taste like an egg for I use it for my eggs on hum game.

**Hackers** - January 24, 2024, 5:46 am

Probably twiglets :O

In all seriousness, we should ask some of our routine gamblers in convo.php - they eat through bytes daily
